Executive Summary

Frontend Developer with hands-on experience building responsive and user-friendly web applications using **HTML, CSS, JavaScript, and React**. Strong foundation in full-stack development with Python and databases. Experienced in **network troubleshooting and data analysis**, bringing strong **problem-solving and analytical skills**. Passionate about creating clean UI, optimizing performance, and continuously learning modern web technologies.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6, DOM Manipulation), React, jQuery, Bootstrap
 - **Backend & Databases:** Python, Django/Flask (intro), SQL, MongoDB
 - **Tools:** Git, GitHub
 - **Networking:** LAN/WAN, Routing, Switching, Troubleshooting (L1/L2 support)
 - **Other:** Responsive Web Design, IoT (ESP32, Arduino), Data Analysis
-

Professional Experience

Movate Technologies Pvt Ltd — Network Engineer

May 2025 – Nov 2025 | Chennai

- Diagnosed and resolved **L1 & L2 network issues**, minimizing downtime and ensuring smooth operations.
- Provided advanced support for **routing, switching, LAN/WAN technologies**, and escalated complex cases to L3 teams.
- Documented troubleshooting steps in CRM systems for transparency and knowledge sharing.
- Delivered clear communication to customers, ensuring satisfaction and timely resolution.

Stat Perform — Data Analyst (Part-time)

Aug 2022 – Mar 2025 | Chennai

- Collected and transformed **real-time sports data** during live matches with high accuracy.
 - Encoded sports events (scores, statistics, key actions) into structured datasets for analytics teams.
 - Supported downstream products by ensuring **data integrity and consistency**.
-

PROJECTS

Burger King React Web Application

- Developed a fully responsive Burger King inspired web application using **React, JavaScript, HTML, and CSS**.
 - Built reusable React components for navigation, product listings, and UI sections.
 - Implemented dynamic rendering using **React Hooks and component-based architecture**.
 - Designed modern and responsive UI to ensure compatibility across desktop and mobile devices.
-

Swiggy Style Responsive Web Interface

Live: <https://deepakmuthukamachi21.github.io/Swiggy-Replica/S>

- Developed a responsive restaurant listing interface using HTML, CSS, and JavaScript.
 - Designed navigation bar, restaurant cards, search filters, and menu sections.
 - Used Flexbox and CSS Grid for responsive layout.
 - Optimized performance using efficient DOM manipulation.
-

IoT Home Automation System (ESP32 & Arduino)

- Built a smart home automation system to control appliances via WiFi.
 - Programmed ESP32 microcontroller for communication and device control.
 - Integrated relay modules to control electrical appliances.
 - Applied embedded systems and hardware-software integration concepts.
-

Education & Certifications

- **B.Sc. Computer Science** — Patrician College (Apr 2022 – May 2025)
 - **Python Full Stack Development** — Pumo Technovation
 - **Web Development Course** — Patrician College with TEENOFES
 - **English Communication Course** — Wadhwani Foundation
-

Soft Skills

- Communication & Presentation
- Problem-Solving & Time Management
- Leadership & Adaptability
- Project Implementation
